

THE AMBASSADOR PROGRAM

GLOBAL TRAILBLAZING | THE ONLINE YOUTH CLUB

Global Trailblazing | The Online Youth Club is our innovative online youth club for kids aged 5-14 years, bringing together children from all around the world to learn, grow, connect, give back and have fun!

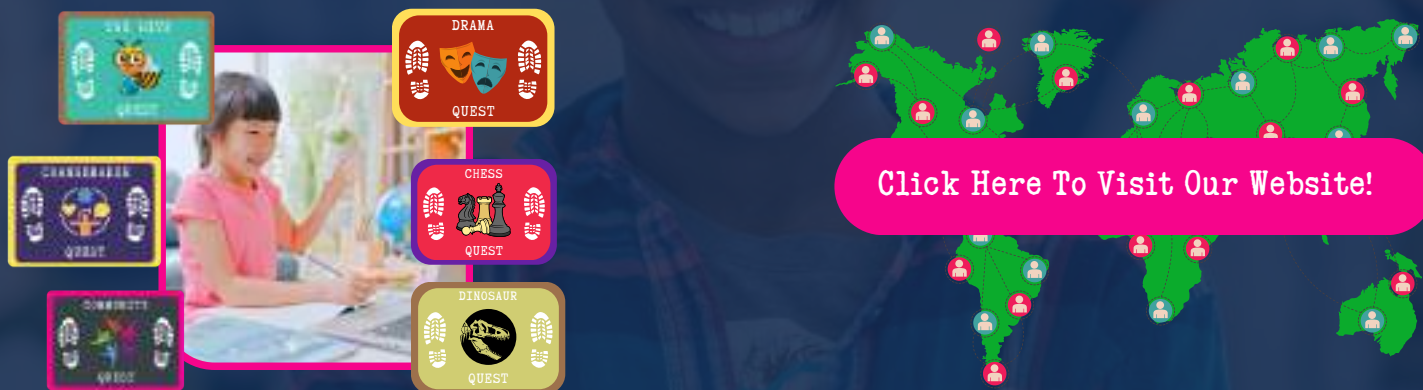

Ideally you will already know this because you have a child/children already on their journey with us as Global Trailblazers!

Your child will have already begun their quest journey and is already hanging out in our very own club social network and enjoying their time with us, and you are already spreading positive reviews of our club to other people or you want to!

Or maybe you don't have children in GT but you still know it's a fab club that needs to be shared then we would very much still love to hear from you!

You could also be someone who works in the parenting/family space and you are looking for a great project to promote as part of growing your affiliate marketing portfolio!

If you are ready to help us grow Global Trailblazing to become the global brand that we know it can be, then we are ready to reward you for helping us achieve just that!

DO YOU LOVE RECOMMENDING FAB STUFF TO OTHERS?

We absolutely love what we have created at Global Trailblazing | The Online Youth Club

We want GT to be able to impact as many children as possible, whether that is by completing their own trailblazing journey with us as a member, or through the Global Trailblazing Foundation and our projects supporting disadvantaged children. The more members we have the more children we can help through the foundation!

We also believe in the power of recommendation and word of mouth, and we know many of our parents/caregivers have said such kind words about our club to others that we actually want to reward you and show our appreciation!

We also value the power of collaboration with others who use affiliate marketing within their business model and love working with others to spread the word of amazing things that need to be known about!

Global Trailblazing | The Online Youth Club is perfect for children who home school, world school, online school. Children who live rural or who struggle socially in group settings or any child who's circumstances mean they are unable to join an in person club. It's also an amazing 'after school' club for children who attend main stream school!
